EXPERIENCE

Square / Product Design Lead

2015–Present

Designer on Square's first verticalized POS, Square for Retail, launched in February 2017. Also led design for Square's Customer Engagement product suite in San Francisco, launching Online Store in November 2015 and implemented many significant features for Marketing and Loyalty products. Spearheaded a major design overhaul for Square's Digital Receipts in November 2016, driving engagement for several other Customer products including Feedback and Loyalty.

eBay / UI Designer

2013–2015

Worked on two of eBay's most prominent pages, "View Item Details" and "Search Results." Launched several successful new or revamped and design-led social engagement products including Guides, Share Widget, and Twitter's eCommerce Cards. Handpicked for the small team which led the redesign effort of eBay's cross-platform mobile app fleet, launched in September 2015. Promoted twice in 18 months.

Danesc / UI Designer

2010–2012

Responsible for creating experiences for a variety of clients of all sizes. I coordinated small teams as the primary designer and front-end developer and wrote HTML and CSS for several products.

DDB / Art Director Intern

2011

Helped art direct several campaigns for clients including AT&T, Mobil, and The Hartford Insurance. Rodgers Townsend/DDB pitched a campaign of mine during my final week.
